

A - GENERAL INFORMATION

ORGANISER: COMEP

- The Fencing 2010 Organisation Committee (COMEP) was duly founded on 28 March 2008, with a mission to organise the FIE Fencing World Championships in 2010, which would also host wheelchair events at the same time. It's the first time in France that such an important sporting event, co-organised by the French Fencing Federation and the French Handisport Federation, brings together the world's finest fencers to dispute their international competitions in a single venue and at the same time. The wheelchair fencing programme will be adapted to that of the FIE so that our finals and some ceremonies can take place in common.
